### About this webinar:

Have you ever looked at church from a child's perspective? Have you noticed that children are often overlooked at church, despite Jesus' emphasis on inclusion? If you want to learn how to make your church more family-friendly, you won't want to miss this webinar.

Reaching 21st Century Parents will focus on creating the main ingredient for a healthy church: healthy families. With much insight, Willie and Elaine Oliver will address what families and their children need in order to feel welcome and supported within the church.

Parents are the greatest spiritual influence in their children's lives. This webinar will examine ways your church can assist parents in their work as the main evangelizers of children and youth.

### This webinar will explore:

- Creating goal-oriented Sabbath Schools
- Shaping strong families
- Nurturing a congregational sense of family
- Fostering a Christian youth subculture

The webinar will conclude with a LIVE question and answer session.
